

## DR. RAPHAEL HONORED BY ROTARY CLUB

RECEIVED TRIBUTES BY  
OUTSTANDING MEN OF  
THE COMMUNITY

In leaving Greencastle, Dr. Victor L. Raphael will carry with him the memories of the luncheon of the Greencastle Rotary Club on Wednesday at which time he received tributes by outstanding men of the community which he has served so faithfully. The speakers represented civic and religious groups that have been improving for the association of Dr. Raphael for over a quarter of a century.

Harry Allan, acting as chairman in the absence of C. C. Gillen, was impressive in comparing the principles of Rotary membership with the exemplary manner in which Dr. Raphael represented his vocational classification. Mr. Allan praised the resigning minister for his service to the club and the community and he expressed the gratitude of the Rotary Club for his service through the years.

Following Mr. Allan on the program, Dr. John Tennant praised Raphael for his work with the ministerial association as president and said that as a minister he was in the position of evaluating the esteem in which Dr. Raphael was held by his fellow ministers and by those of all faiths. Dr. Tennant read two poems in keeping with the occasion.

The efforts of Dr. Raphael in civic betterment and in the work of the Red Cross were delved into by Sam Hanna, who related that he had been closely associated with Dr. Raphael for 27 years and was well acquainted with his work for the betterment of the community and the county. As chairman of the Red Cross and as a member of the Chamber of Commerce, Rev. Raphael has never shirked a duty and has brought a spirit of neighborliness not only to the members of his church but to everyone he contacted, said Mr. Hanna. Mr. Hanna closed his talk with the statement that "Vic" Raphael will always be considered a citizen of Greencastle and an honorary member of the Greencastle Chamber of Commerce.

Following Mr. Hanna, Dr. W. R. Hutcheson, veteran physician and charter member of the Greencastle Rotary Club, eulogized Dr. Raphael in a beautiful and impressive manner. He recalled the organization of the Rotary Club 27 years ago and stated that Rev. Raphael has exemplified all the high ideals of Rotary in his life in the community. The motto of Rotary "He profits most who serves best" was quoted and he said that Dr. Raphael most truly lived up to the Rotary creed of "service above self." "Since I have known 'Vic' Raphael, I have never heard anyone say an unkind word about him," said Dr. Hutcheson in paying a tribute few men ever receive.

Recalling the work of Dr. Raphael over the years, Simpson Stoner referred to the kindness of Dr. Raphael toward all mankind and went on to relate the excellent cooperation given him by Dr. Raphael when he was Red Cross chairman during the war. "One of the most important cogs in the wheel will be missing," said Mr. Stoner.

Dr. Raphael was called on for his response and he was visibly affected by the praise he received by representative citizens of the

community. "Rotary means a lot to me—its principles, its ideals," said the speaker. He stated that Rotary and other civic clubs can do things that the church isn't always able to do such as the overcoming of animosities and prejudices and thus can prove that they have a definite place in the world of today. "I am just an ordinary human being with just about as many faults and failings as anyone," was the humble statement of Dr. Raphael—evidence of the character of the man honored by the Rotary Club and the Greencastle community at the luncheon.

As president of the Rotary Club, Dr. Will E. Edington made a beautiful tribute to the Greencastle minister and expressed the regret of the Rotary Club in losing a valued member.

Guests of the Club were Richard Reinking and Byrne Hall of Bloomington, Robert Kelsey, business manager of Albion College, Michigan, Parker Jordan, secretary of the Indianapolis Y. M. C. A. and Dr. John Tennant and Sam Hanna of Greencastle.

**CATTLE PRICES JUMP**  
CHICAGO, Aug. 22.—Prices in the cattle market soared to a new record of \$28.40 Wednesday in one of the latest spurges before re-imposition of price controls, but receipts were light and big packers bought few of the animals offered.

Cattle receipts in Chicago were 3,500 head, as compared with 8,007 last Wednesday. Light receipts were also predicted for today.

A spokesman for Swift & Co. said that because of the uncertain market conditions, Swift had been able to buy only a few animals, depending on the price. He said that until "we know what the new OPA ceilings will be, it is difficult for us to form any buying policy."

Hog receipts in Chicago were 1,500 yesterday, compared with 7,351 last Wednesday and 10,097 a year ago.

## SECOND 4-H CAMP OPENS AT SHAKAMAK

CLASS IN MORNING AND RECREATION IN THE AFTERNOON

The second session of the tri-county 4-H camp opens at Shakamak State Park today, and all senior age 4-H'ers will report for the period to continue through Saturday.

Classes will be held in the morning and recreation and rest periods have been planned for the afternoons. Campfire and vesper programs will be held each evening of the camping period. The young people were anticipating a night swim period but no plans were announced for such today.

Boys and girls making reservation for the three-day camp include Jean Selsor, Mary Love, Betty Jane Chastain, Dorothy Reeves, Judith I. Pruitt, Barbara O. Leonard, Jane Clark, Doris Sinclair, Kathryn Cook, Rosetta Snyder, Martha Anne Ogle, Nancy Torr, Leona Denny, Melba Zaring, DeLoris Ann Bridges, Roberta Purcell, Virginia DeVaney, Mary Lanham, Coleen Phillips, Jeanne Ann Sharp, Mildred Lou Clodfelter, Virginia Jarvis, Peggy Arnold, Betty Eastham, Doris Marsteller, June Thomas, Maxine Lyons, Carole L. Gardner, Marilyn Gardner, Betty Fordice, Donna White, Loretta Evans, Marjorie Whitman, Marcia Ann Smith, Susan Rowland, Charlene Marsteller, Jo Mae Arnold, Russell Miller, Doyle Nichols, Dallas W. Nichols, Everett Hazlett, Wayne Buser, Lester Abbott, Howard Clark, Richard Keck, William Perkins, Dale Pitts, Bob Bruner, Frederick Sutherland, Harold Sutherland, Donald Lee Cloncs, Morris McGaughey, Robert E. Clodfelter, Wendell A. Hurst, Gordon Mann, Robert E. Hanna, Donald Hymer, Melvin Lanham, Donald Benis, Jack Moss, Warren Harlan, Maurice Fordice, Kenneth Mann, Jack Cook, Paul Estridge, Jimmy Smith, James L. Miller and Bill Wilde.

In addition to the leaders who were present for junior camp Mrs. Helen McKinsey and Mrs. Farlee Clodfelter were expected to attend the senior camp.

Meals and lunches were served to thirteen people during the opening hour. The menu included meat loaf, baked beans, potato salad, slice of tomato, bread and butter, watermelon, and either orange or milk to drink—all for 50c. A lunch for 30c was also served being made up of the same menu but smaller servings.

Just as at Breakfast, at Sardi's the young proprietors found out that the oldest person served was Frank McKeehan and the youngest, Jerry Arnold, six years old. Mrs. Miller and Mrs. McKeehan prepared the food while the young sons served the customers. Marcha Lynne McKeehan was the only privileged consumer to dine free of charge. Since Mr. Miller was at the Rotary Club, he could not patronize the restaurant.

Although the lads did not take into consideration the overhead costs, they netted a total of \$4.45. Since they could not divide that amount evenly, the odd penny was used to pay the salary of the cooks. Such a prosperous venture as the restaurant business has prompted the boys to make plans for a chili dinner later in the year.

The clientele of the restaurant included Eunny Brooks, Peter Winsey, Freddie Unsworth, Wayne McKeehan, Frank McKeehan, Dorothy Ann Boyd, Judy Arnold, Carol Killinger, and Mrs. Hiram Jome.

Incidentally, after the employees had finished their labors, they each partook of two fifty-cent meals.

## Fair Activity Gets Underway

INDIANAPOLIS, Ind., Aug. 22.—(INS)—The Indiana State Fair, which opens Aug. 30 for an eight-day run, is expected to draw a record breaking attendance of 700,000. The record to date is 500,000.

Members of the State Board of Agriculture, who arrived this week to take personal, full-time charge of the various departments assigned to them, predicted that other records also would be shattered.

There will be the biggest premium list in history—a total of \$217,000 in prizes for all events, the largest Grand Circuit purse, \$95,000, the biggest horse and road shows in history, and the greatest number of exhibits ever shown.

## Two Northwood Children Busy

Would-be businessmen start young around Greencastle. For a few years now Doane McKeehan and Hal Miller have undertaken several business ventures each summer. The latest is the M and M restaurant (Miller and McKeehan) on the Miller back porch, which was open Wednesday from 12:00 to 1:00, the regular lunch hour of other Northwood businesses.

Meals and lunches were served to thirteen people during the opening hour. The menu included meat loaf, baked beans, potato salad, slice of tomato, bread and butter, watermelon, and either orange or milk to drink—all for 50c. A lunch for 30c was also served being made up of the same menu but smaller servings.

Just as at Breakfast, at Sardi's the young proprietors found out that the oldest person served was Frank McKeehan and the youngest, Jerry Arnold, six years old. ## Byrnes Ready To Accept Failure

PARIS, Aug. 22.—(UP)—Secretary of State James F. Byrnes was reported ready today to accept failure of the peace conference if necessary to win an American showdown with Yugoslavia.

Byrnes stated American would prestige and chances for a successful conference on his ultimatum demanding satisfaction from Yugoslavia within 48 hours for Yugoslav actions in shooting down two American transport planes.

He is convinced, it was understood, that failure of the peace conference would not be too great a price to pay for bringing the Yugoslavs to heel. The conference could not succeed, anyway, if the Yugoslavs were permitted to get away with the shooting incidents, Byrnes was said to believe.

The major mystery was the attitude Soviet Russia will take. Will she back Marshal Tito actively, or will she leave him to face the issue with only passive support? Much of the outcome may depend upon that.

Byrnes was represented as feeling that American prestige in the critical Trieste area hinged on the airplane incidents. Unless the United States gets satisfaction, he feels, her military and diplomatic position will be imperiled.

The ultimatum created severe agitation among the delegates, who had not realized the United States was ready to bring matters to a head. For days they had been whistling in the dark, hoping the dispute would not affect the conference.

Some conference circles reported that Yugoslav vice-premier Edward Kardelj acted "tough" when he talked with Byrnes yesterday. This attitude was said to convince Byrnes that he must demand a showdown or abandon hope of a satisfactory peace settlement in the Adriatic.

The fact that Byrnes broke his vow to avoid intervention in general state department matters while attending the conference was another indication of the extreme seriousness he attaches to the issue. It showed, too, how closely the incidents are related to the conference decision on Trieste.

Associates of Byrnes hinted that his talks yesterday with Maj. Gen. H. R. Ball, Chief of Staff to Gen. Joseph T. McNarney, and Maj. Gen. Ralph Huebner probably involved detailed discussion of U. S. Army Airline operations in the critical area.

The peace conference was expected to accomplish little or nothing while awaiting outcome of the ultimatum. A plenary session today was open for replies to the speeches of small nations yesterday. The treaty draft commissions might start detailed work in the afternoon.

Yugoslavia has submitted 40 amendments to the Big Four draft of the Italian treaty. These amendments, if adopted, would practically rewrite the treaty.

The American-Yugoslav crisis probably will not be injected into conference deliberations. Russia's role behind Yugoslavia was the great unknown among some delegates that Russia stand behind Yugoslavia's tough attitude in an effort to make the whole Adriatic area so uncomfortable for Britain and the United States that public opinion would demand withdrawal of Anglo-American troops.

## SUPPORT OF RUSSIA MAY DECIDE FATE

IF TITO DECIDES ON DEFENSE U. S. WILL TAKE MATTERS TO U. N.

WASHINGTON, Aug. 22.—(UP)—Official circles believed today the extent of active Russian support may determine whether Marshal Tito will release all imprisoned American flyers by 11 P. M. EDT tomorrow, or defy a white-hot United States ultimatum.

If Tito decides on defiance, the United States will take the matter and its accompanying implications of power politics in Eastern Europe before the security council of the United Nations.

How far Russia has influenced Yugoslavia in her recent actions, no one is willing to say. But the best opinion in official circles was the Soviets have, at the very least, encouraged Tito to take a strong anti-American line. These officials thought that Moscow, while not dictating tactics, might well be outlining the strategy.

Officials here believed Russia could go far toward determining whether Tito yields to the American demands or lets the matter go before the security council. Some thought Tito might even go to Premier Stalin for advice.

The United States last night gave Yugoslavia 48 hours to hand over the imprisoned survivors of two unarmed army planes forced down by Yugoslav guns, or have this country take the matter to the United Nations.

The ultimatum gave Yugoslavia 48 hours after its government received the note. Official sources said they had been assured that the note would reach the proper officials by 11 p. m. EDT last night.

In plain talk that bristled with anger and sarcasm, the U. S. pinned on Yugoslav officials the responsibility for the death of some if not all of five crew members in the second plane, forced down Aug. 19, it was reported that three of the five airmen were killed.

These fliers, the U. S. said, "met their death not by accident" but by deliberate acts of Yugoslav authorities.

The note was handed to Yugoslav charge d'affaires Sergej Makiedo at 6:10 P. M. (EDT) yesterday by acting Secretary of State Dean Acheson. It was made public at 11 p. m. EDT. The usual diplomatic procedure is not to make such matters public until they have been received in the capital of the government involved.

Makiedo appeared to be badly shaken when he emerged from Acheson's office about five minutes later.

The language of the note showed why.

It accused Yugoslavia, as a government which "professes to be a friendly nation," of "outrageous acts." It bluntly termed the acts as:

1.—"A plain violation of the obligations resting upon Yugoslavia under the charter of the United Nations not to use force except in self-defense."

The note said that the explanations the Yugoslav government had given for its tighter planes shooting down the American transport were "wholly unsatisfactory to the government, and shocking to the people of the United States."

LONDON, Aug. 22.—(UP)—An informed Yugoslav spokesman in London predicted today that Marshal Tito will reject the United States' 48-hour ultimatum for the release of interned American airmen.

The spokesman said Yugoslavia feels there is "absolutely no ground" for consideration of the dispute by the United Nations security council. As threatened by the American note.

"The nation was quite within its rights in acting after repeated diplomatic representations failed to halt wholesale infringement of Yugoslav sovereignty," the spokesman said.

## Latest Wire Flashes

WASHINGTON, Aug. 22.—(INS)—OPA boosted the price of oranges and coal dealers, ceilings for all solid fuels.

Orange prices were increased 37 cents per standard box, for country shipping point, effective tomorrow. OPA said this increase would amount to about one-half cent per pound at retail level.

The coal price boosts were 30 cents a ton on retail sales and 10 cents a ton on sales to resellers for anthracite, coke, bituminous, semi-anthracite and Virginia semi-anthracite. On bituminous coal, lignite, briquets, packaged fuel and other miscellaneous solid fuels, retail sales go up 18 cents a ton and sales to resellers were hiked nine cents a ton.

OPA said the coal price increases were "necessitated by the provision in the new price control act requiring OPA to allow dealers the average percentage mark-up they had in effect on March 31, 1946."

BELGRADE, Aug. 22.—(INS)—The Belgrade government today released all passengers who were aboard a United States transport plane forced down in Yugoslavia on Aug. 9.

The release of the passengers, who had been interned since the craft was forced down, appeared to be the first step in Yugoslav compliance with a stern ultimatum issued by the American State Department just before last midnight in Washington.

The ultimatum asked for the release of U. S. airmen and U. S. and foreign civilians who had been held incommunicado since the first plane was forced down and also demanded that American representatives be permitted to communicate with them and other survivors of the second plane shot down Aug. 19.

The announcement of the release of the passengers came shortly after U. S. Ambassador Richard C. Patterson left Belgrade with a copy for Marshal Tito of the ultimatum.

NITRO, W. Va., Aug. 22.—(INS)—A terrific blast destroyed the main building of the Ohio plastic company's plant in Nitro today, severely injuring at least seven persons.

WASHINGTON, Aug. 22.—(INS)—A Navy spokesman said today that the American warship force in the Mediterranean is being strengthened by an aircraft carrier, two cruisers and five destroyers.

The additional ships, under command of Adm. Henry K. Hewitt, are to join two cruisers and two destroyers which have been operating with British units in the Yugoslavia-Trieste area.

PARIS, Aug. 22.—(INS)—The Yugoslavian government today informed U. S. Secretary of State James F. Byrnes that it may be unable to withdraw its troops from the Trieste area if the Paris peace conference decides upon internationalization.

## Lions Hear Head Of Farm Bureau

Hassel Schenck, president of the Indiana Farm Bureau, was the guest speaker of the Bainbridge Lions Club at their regular monthly meeting at the Methodist Church in Bainbridge Wednesday evening.

Dolby Collins, the newly-elected president, presided at the business meeting following dinner and appointed his committees for the ensuing year. Plans were nearly completed for the sale and dinner on September 14.

Mr. Schenck spoke on "America and the Future," in which he emphasized that until labor, management, and agriculture could get together unselfishly America's future could not be very bright. "At the end of the World War I, the national debt was \$26,500,000,000 and at the end of World War II it would take that amount to pay the interest on the debt," said the speaker.

## "SAMPLE" OF PRICES TO BE ISSUED

HOUSEWIVES MAY THINK-ING ON NEW PRICES FOR MEAT

WASHINGTON, Aug. 22.—(UP)—The nation's housewives may get an inkling today on how much they will have to pay for meat beginning Sept. 9.

A "sample" of prices farmers, slaughters, wholesalers and butchers can charge within the next three weeks was scheduled, to be issued by OPA.

Price Chief Paul Porter told a news conference late yesterday that the new meat prices placed into effect on Sept. 9.

He hoped price ceilings at the consumer level could be rolled back to those in effect on June 30 when the old OPA law died.

Producers' prices, however, will become effective on Aug. 29, slaughters on Sept. 1 and wholesalers on Sept. 5. The sliding scale will be adopted, Porter explained, in order to give producers and distributors a chance to clean up inventories they piled up while price ceilings were off.

Similar staggered ceilings, effective at the buyers' level on Sept. 9, also will be drawn up for the soybean and cottonseed trades.

Flax seed and by-products feeds, also ordered returned to price curbs by the decontrol board, will be controlled again on Sept. 3. All mixed feeds will be controlled on Aug. 26.

Porter voiced pessimism on meat supplies, flour prices, and supplies of milk and other dairy products during the coming months.

He said it would be necessary to boost flour by seven cents per 100 pounds, effective tomorrow.

## DAWSON ACTIVE

INDIANAPOLIS, Aug. 22.—(UP)—Attorney James M. Dawson took the offensive again today in his battle of the token with the Indianapolis street Railways Corp.

## CAR BURNS NEAR MT. MERIDIAN ON 40

A 1940 Pontiac was almost entirely burned today when it caught fire two miles east of Mt. Meridian. The car was driven by Reed H. Robertson, of Baldwin Park, California, who was pulling a house trailer behind the car to New Albany, Indiana.

The driver of the car thought he heard a tire going down and got out to see if such were the case, and so escaped any injury to himself. There was not a smattering of upholstery or other inflammable material left unburned in the car. It was believed that the brakes set the car on fire in some manner.

Charles Gilchrist, a fugitive from the Indiana State Reformatory at Pendleton and who has been sought for several days, was apprehended near Indianapolis late last night in a stolen car. The young man was 25 years of age and claimed his home as Indianapolis, said state police this morning.

## DISCHARGE COPY TO BE ACCEPTED

The Armed Forces Leave Act was signed by President Truman August 9. Provisions of the act have been outlined and mailed to Veterans of the county by Arnum Byers, County Service Officer. They were also distributed to Veterans' Organizations on the date the act was signed, however, one important detail has been changed by the Armed Services and should be given first thought.

It will not be necessary for a veteran to forward his original discharge certificate with the form. A photostatic copy of this certificate, or a copy certified to be a true copy by a State or local official duly authorized to make such certifications will also be acceptable.

Forms titled "Claim for Settlement of Unused Leave," together with instruction sheets, are expected to be available today at any post office in the United States or possessions. The complete form should be mailed to the appropriate Army, Navy or Marine Corps, or Coast Guard paying officer listed on the reverse side of the claim form. The Leave Act places a one-year limit on the time for applying for leave payments, but at the same time makes it possible for the claimant to wait the maximum time and not lose on the maturity date of the bonds.

Payment will be made as soon as possible, and claimants are urged not to write or call in person on paying officers inquiring as to the progress of their claims. Such unnecessary correspondence will serve only to delay speedy settlement of claims.

Leslie Steward, Roachdale, R. 1 was admitted to the hospital yesterday.

**PERRY BANK THEFTS LINKED TO OIL DEALS**

INDIANAPOLIS, Aug. 22 — Howard Caughran, United States district attorney, said today he would present evidence to a grand jury that two Evansville, Ind., oil promoters received part of the \$142,000 which Sterling J. Perry pleaded guilty to embezzling from the Evansville National City Bank.

Perry, who was vice president of the bank and known as a model citizen, has refused to

say what he did with the money. FBI investigation has showed that apparently the promoters were friends of Perry and that they had borrowed money from him by writing worthless checks on the bank and that Perry made them good.

At the time he was sentenced, witnesses said in court that they believed Perry had known the promoters for some time and that they had told Perry he could make a lot of money if he helped them finance their drilling.

Caughran said that despite Perry's denial of being involved in the oil business that investigation showed that he had interest in a number of wells in Illinois.

The investigating also shows, said the attorney, that Perry speculated \$110,000 with the promoters, but it has not been determined whether the promoters knew about the embezzlement.

Neither of the promoters ever approached him about investing in their enterprise, Perry insisted. He denied being under obligation to either of them and maintained they never had offered a promissory note to cover the amounts borrowed.

When Perry realized the finan-

**RUSSIA SUPPORT**  
 (Continued from Page One)

The spokesman said he wanted to remind the Western Powers that Yugoslavia paid a higher proportionate cost in blood for the war than any other country. He said the country wanted peace with honor and dignity.

He expressed hope that Paris talks between Secretary of State James F. Byrnes and vice-premier Edward Kardelj of Yugoslavia would lead to "an early amicable settlement of this unfortunate dispute between friendly nations."

There were strong unofficial indications of complete British support for the United States stand. A foreign office spokesman described British-Yugoslav relations as "far from satisfactory." He declined immediate official comment on the British attitude toward the American suggestion of security council action.

Diplomatic overseers believed a rupture of Greek-Yugoslav relations was imminent.

Marshal George K. Zhukov, Soviet hero of Berlin, was reported inspecting Red Army Troops in the Balkans today while the diplomatic controversy in eastern Europe tightened.

An exchange telegraph dispatch from Budapest reported that Zhukov arrived in Constanta, Romania, aboard a Soviet cruiser to examine Soviet troops in Romania and Bulgaria. Zhukov recently was named commander of the Odessa military district on the Black Sea.

Within the past 24 hours, the following developments in addition to the American-Yugoslav crisis have been reported:

(1) Diplomatic sources said a British note on the Dardanelles was delivered to the Soviet Union. It was understood to parallel the American note rejecting Soviet proposals for joint Soviet-Turkish defense of the straits and opposing exclusive control by Black Sea powers.

(2) The London Daily Telegraph printed a dispatch, said to be based on information from a highly authoritative source in Berlin, asserting that Russia is manufacturing V-bombs and other armaments in its occupation zone of Germany, in violation of the Potsdam agreement. The Daily Telegraph said production was "on an important scale."

(3) Yugoslavia recalled her Ambassador to Greece in protest to "insults" against Marshal Tito in the Greek press and other alleged anti-Yugoslav acts. Greece is considering a reciprocal withdrawal of her envoy in Belgrade. A Greek government statement blamed developments on Yugoslavia's "excessive irritability."

(4) Britain has agreed to a Swedish request for help in plotting the flight of mysterious rockets that have been crossing Sweden, apparently from northern Germany, the Daily Telegraph reported. It said Britain has agreed to supply radar equipment and technicians to train the Swedes in its use.

(5) Radio Warsaw announced dispatch of a Polish government note to Britain, asking permission for Warsaw officials to inspect Polish rehabilitation camps in Britain for possible military activity.

The camps are for Polish soldiers who refuse to return to Poland. The note insisted that the British-conducted campaigns be "devoid of military characteristics."

(6) The feud between Soviet-supported Albania and Greece flared up at the Paris conference. Premier Enver Hoxha of Albania claimed that Greece was "seeking to disturb peace in the Balkans by intrigue."

In the early hours of the night he passed away into the valley of the shadow of death, leaving to mourn their loss, his wife and step-son, his mother, three brothers and three sisters, and a large circle of relatives and friends.

Our little hour, how swift it flies When poppies flare and lilies smile.

How soon the fleeting minute dies, Leaving us but a little while To dream our dream, to sing our song,

To pick the fruit, to pluck the flower The Gods—they do not give us long— One little hour.

One little hour, how short it is When love with dew-eyed loveliness

Raises her lips for ours to kiss And dies within our first caress

Youth flickers out like a wind-blown flame, Sweets of today, tomorrow sour

For time and death, relentless claim Our little hour.

We sincerely wish to thank our neighbors and friends for their kind sympathy during the critical illness and death of my husband.

band, Alex S. Mitchell.

Also Mr. and Mrs. Sands for their service and assistance; Rev. George Smith of Cambridge City for his consoling words; the singers and pianist; pall bearers, flower bearers; the assistance given by the O. E. S. and W. S. C. FINDS HIS VOICE

ST. LOUIS, Mo., (INS) — Joseph Noskay "found" a voice during his campaign as candidate for the Republican nomination as a St. Louis magistrate.

His new voice was much in need. Noskay, a civil service employee, is barred from taking an active part in any political campaign.

At a Republican rally, Noskay, mounted the platform, but remained mute. By his side, however, was Austin Kuetzger, who did the talking.

## BOYS LAUGH AT WARNING: FALL OFF WALL, DROWN

MILWAUKEE, Aug. 22.—(UP)—Three unidentified teen-aged boys laughed today when a fisherman cautioned they might fall off the sloping side of a breakwater where they were balancing themselves.

Within two minutes all of the boys had fallen into Lake Michigan and drowned.

The boys had been fishing only with string and hook from the breakwater. William J. Lambrecht, fishing nearby, shouted warning to be careful. "It couldn't have been more

than a minute later that one of them fell into the lake," he said. "Another reached for his hand but lost his balance and fell, too. I ran with my fish-pole and the second boy grabbed it and then caught hold of the other lad's hands. I was just pulling them in when the fish-pole broke and the boys sank."
